Subject: Recognition

Hello, Due to demand we do not repeat each previously approved Recognition each year. We want to spread these around to different groups who seek awareness. We will not be doing the Chemical Sensitivities this year, but you certainly are free to continue using the '07 one.

Thank you,

Charles D. Preston
Manager
Constituent Affairs and
Ceremonial Documents
Office of Governor Ted Strickland
77 S. High St. 30th Floor
Columbus, Ohio 43215

This communication and any response to it may constitute a public record and thus may be publicly available to anyone who requests it.

Ted Strickland

Governor of said State

hereby officially recognizes

**MULTIPLE CHEMICAL SENSITIVITY
AWARENESS AND EDUCATION MONTH
MAY 2007**

People of all ages throughout Ohio and the world have developed multiple chemical sensitivity as a result to exposure to toxic chemicals and irritants in the environment resulting in conditions that cause deteriorating health. This condition is recognized by the Americans with Disabilities Act, Social Security Administration, and the World Health Organization, among other groups.

People with this condition deserve the same rights, respect, support and help allotted to other illnesses and disabilities. I urge all Ohioans to support understanding, education, and research into the causes, treatment and prevention of multiple chemical sensitivity.

ON THIS FIRST DAY OF MAY,
TWO THOUSAND SEVEN.

Ted Strickland

Ted Strickland
Governor
